FOREWORD

THE FOUR YEARS of high school are passed in the "springtime of our youth," a time when our hearts are young and gay.

We see the changes that occur in the growing-up process as we finish the first year of high school and pass on to that year for "misplaced persons" called sophomore; then on to the junior year. Finally we reach that year, senior, when the world beckons us to enter its wide open spaces to find our place and the work selected for us by the Divine Planner.

Throughout these four years we are conscious of change. As we spend days in the classroom we notice that we are not alone in this process known as change. All nature changes too.

From September to June every year nature passes through an autumn, winter, spring, summer.

In these pages of the 1951 ACADEMY we present the S.J.A. students in the four seasons of spiritual, intellectual, cultural, and physical growth coupled with the four seasonal changes through which nature advances each year.

The result is the beautiful and complete unfolding of the S.J.A. girl with all her Christ-like and Mary-like virtues, a change as wonderful as the unfolding of the seasons, for both are the handiwork of God.

DEDICATION

TO MARY IMMACULATE, the perfect model of Christian womanhood, we, the senior class of nineteen hundred fifty-one, prayerfully dedicate this book.

Through her inspiration and example we hope to pass through all the seasons of life in triumph, in peace, and in the joyful accomplishment of the Will of God.

*Arise, make haste, my love, my dove,
my beautiful one, and come.
For winter is now past, the rain is over and gone.
The flowers have appeared in our land,
the time of pruning is come: the voice of the
turtle is heard in our land.
The fig tree hath put forth her green figs: the
vines in flower yield their sweet smell.
Arise, my love, my beautiful one, and come.*

THE SODALITY is one of the foremost organizations at S.J.A. with its motto "Ad Jesum per Mariam," corresponding with its aims to bring all sodanists closer to Christ through Mary.

The zeal of the sodanists is made evident by the numerous projects and activities they sponsor throughout the year. Catechism is taught weekly to Negro children and First Communicants are clothed each spring.

At Thanksgiving the annual clothes drive is conducted, and at Christmas the baskets of food are provided for needy families.

The sodality also sponsors the annual Christmas party for all students and members of the faculty, as well as the Christmas dance held this year for the second time in Medaille hall ballroom.

The beautiful and inspiring May Day ceremonies honoring our Blessed Mother on the first Sunday of May terminates the activities for the year.

The sodality has for its moderator Sister Angela Marie. It functions with the help and planning of the officers and the spiritual council.

Ten sodanists, including the officers, represent the academy at the Sodality Union, where meetings are held monthly to further the aims of the sodality in the high schools of the Archdiocese of St. Louis.

BEAUTY OF SOUL

"That all may be one." These words sum up the purpose of the "ATHLETIC STUDENTS' MISSION SOCIETY" and the Society for the Propagation of the Faith.

By their prayers, works and sacrifices, the students strive to do their part in uniting the world in the love and truth of the Church of Christ.

Under the direction of Sister Rose Terrene and with the help of the Sisters Mary Margaret, Mary Rose, Sister John, Mary Lauchlin, and Mary Ann, the students, with the other members of the mission council, various projects are undertaken and the missionaries at home and abroad.

All the year round the missionaries collect stamps, magazines and money while offering untold prayers for the missions.

During Advent they distributed baskets of food to needy families. In Lent, by denying themselves, they were able to donate a generous amount of \$200 to the Bishop's Relief Fund. This constituted their answer to the Holy Father's Lenten appeal to the American students of All Wept for.

Monthly retreats are held to discuss the ways in which the students can live for Christ and thus combat the forces of secularism and materialism. The students do their very best to walk with Christ.

The SAIOAC is the student newspaper of the academy. Published six times each year, it has earned the A+ rating for the third consecutive time from the National School Press Association.

The newspaper serves as the medium for making the activities of all the organizations within the school thereby keeping the student informed of what is happening within the school.

In an effort to produce better writers for the paper, a Junior Writer's Club has been formed for the school year. This group is the better known as the SAIOAC's "Writers."

WE CULTIVATE OUR VOICES

As she plays within the hark of St. Joseph's Academy she leads a heavenly choir. This is the voice of the Glee Club.

Under the direction of Sister Mary Arthur, the glee club meets three times a week.

The most prominent of the club this year was the Christmas party with a concert given by Mary Thomas of the choir and Thelma Grier of the club.

Other projects are the annual festival sponsored by Father and the College and the Mass Education Society of the New York.

WE APPRECIATE THEIR WORK

The Academy ALUMNAE ASSOCIATION is this year celebrating its fiftieth anniversary. The organization boasts of a membership of well over 1000 graduates of S.J.A. Although the academy has been graduating students since 1840, it was not until 1901 that the alumnae association was officially organized.

The officers for the current year are
 Mrs. Martin L. Duggan President
 June Heneghan... Vice-President
 Mary Concannon, Recording Secretary
 Mary Helen Sullivan, Corresponding Secretary
 Mary Evelyn Gnesedick... Treasurer

The FATHERS' CLUB and the MOTHERS CLUB take complete charge of the annual Homecoming celebration and the spring home show. The proceeds from these two events are used to further the cause of education in the college and academy.

Both organizations hold monthly meetings. The Mothers in the afternoon, the Fathers in the evening. At these meetings

during which business and pleasure are mixed to give the parents an opportunity to know one another better, plans are formulated and carried out in order to make the college and academy the best schools of their kind in the city. To Mothers, Dad! and Alumnae we say "Thank

Each year the student body looks forward to the Christmas presentation. A new and different program was introduced this year in an effort to restore the religious spirit to Christmas.

The inspirational program of music old and new, ballet and pantomime was presented under the direction of Miss Belle Marie Mullins on the evenings of Dec. 15 and 17.

This presentation was given in three parts: carols offered by the glee club and freshman chorus, a ballet entitled "In the Court of the Snow Queen," and a pantomime entitled "A Mystery for Christmas in a Medieval Manner," by Howard McKinney. Sister Mary Arthur directed the music.

WISDOM AND CHARM

Green flowing gowns of deep, rich winter blues and reds, dance with holly wreaths and lighted candles at the sodality CHRISTMAS DANCE. This year the dance was held on December 27 in Montello hall. Music was played by Jimmy Downey and his orchestra.

The annual FATHER-DAUGHTER BANQUET sponsored by the athletic association was held this year on January 10, in the Tiara Room of the Park Plaza hotel.

Dottie Maher, president of the association, was mistress of ceremonies. Rev. J. Daniel Moore was guest speaker.

An even dozen, these members of the SUB-DEB CLUB count themselves. They are organized for the purpose of furthering the work of extra-curricular activities on the campus.

In addition to moral support which they give most generously, they give financial aid which is of greater worth to those who are sponsoring projects.

The project this year was the donation of a Crosley radio, the proceeds from which went to swell the year-book fund.

WE TRAIN FOR

SPORTS, as an extra-curricular activity, play a very important part at SJA. Miss Kay Behan and the ATHLETIC ASSOCIATION are in charge of all the athletic activities of Sajoettes.

The purpose of the athletic association is to instill into the girls a spirit of sportsmanship and fair play, and at the same time to give each girl an equal opportunity to participate in the particular sport of her choice.

The athletic association is headed this year by Dotty Maher as president, assisted by Nancy O'Leary, vice-president, Lane Kennedy, secretary, Dorothy Meiners, treasurer.

The RIDING CLUB is a sub-division of the athletic association and is headed by Nancy Brown. The SJA equestrians ride each week at Missouri Stables. The high point of the riding is the annual Fontaine Spring Horse Show. The show this year was held on April 12, 13 and 14.

Virginia Brithner is president of the SWIMMING CLUB. She leads the mermaids in their weekly splashes. The swimming team, which is a group of the more advanced members of the swimming club, presents a water carnival each year.

A SOUND BODY

On Wednesday afternoons many of our girls can be found at Esquire Bowling alleys busily scoring "strikes" and "spares." Joan Barry is president of the BOWLING CLUB. She records the scores of the bowlers and their attendance.

BASKETBALL is one of the most important sports at S.J.A. Each year there are intra-mural as well as inter-school tournaments. To win a place on the varsity is the aim of all those interested in basketball.

In order to win games a team must have team work, good plays, and plenty of zip. These requirements are basic with the coaches, Miss Behan and Dottie Omes.

All the games of the season are a preparation for the annual Maryvale tournament each spring.

Any team will feel more confident and sure of success if it knows it has the backing of the student body. The PEP CLUB does this. The officers encourage the students to attend all games and help the cheerleaders urge on the team.

Points towards an athletic letter are awarded to the students who participate in the year round program of the athletic association.

CLASS PROPHECY

THE YEAR: 1966

THE PLACE: St. Joseph's Academy

THE OCCASION: Fifteenth class reunion of fifty-one graduates of '51.

MARY HACKETT is a famous movie star, now playing in "Hopalong Cassidy Plays Soccer."

Taking over Bob Hope's place on the radio is PAT HENEGHAN. It seems Pat had a great deal of experience as a comedienne when she sat in the last row in Glee Club.

If anyone is interested in being attractive, she may consult that noted beauty expert, HELEN BARRY. She has just written a book called "How to Look Wide Awake." Her advice: Go to bed early.

Another writer is MARIANNE HAYES, who devotes her literary ability to students. Her current pamphlet is "Five Hundred Excuses for the Student Who Misses Glee Club."

In the business world we meet ROSE GIOIA, who is occupying her time producing an improved kind of elevator shoes. That's one business which contributes to the uplifting of the buyer.

JOAN BARRY has just put her inventive mind to work on a student pass dispensing machine, for use by the Public Service Company, since she has learned to appreciate the difficulties involved in taking care of passes.

KATHLEEN HOGAN, sad to say, has been taken to St. Vincent's. Last seen she was muttering, "Ads and patrons! Ads and patrons!"

SHIRLEY HUMMEL is a very famous disc jockey, who recently introduced her own version of the well-known song "The Bells of St. Mary's."

JOAN McLAUGHLIN is now the sole owner of a nationally known plant nursery, specializing in "Burch" trees.

MARY MARGARET MARSH, as president of the Fontbonne Mothers' Club, sees to it that half the dues go to the foreign missions—her favorite charity.

AUBE ESPENSCHIED was so familiar with Rolla School of Mines that she was elected its first woman president.

SARI ROSSOW, now Sister Marie Michel, is teaching chemistry at St. Martin's High School in Florissant.

That famous chemist, PAT FAWCETT, is still working on that research problem started in her senior year—the properties of H_2O_2 , commonly known as peroxide.

MARY VIRGINIA DOWNEY is helping St. Joe by transporting girls to and from the basketball games. This service has become so popular that she had to put an extra seat on the roof of her station wagon to hold the overflow.

JOAN HOULIHAN is conducting a speech course for students entitled "How to Throw Your Voice to the Last Row Without Being Heard by the Teacher, Who Is Standing Beside You."

MARY ANN EDWARDS has been of great service to commercial classes for her remarkable invention—the typewriter with a built-in eraser.

JACKIE BOAS is the most outstanding horsewoman of the year. It seems she is the first person to ride without a horse.

VIRGINIA BLATTNER has just astounded the world by executing a terrific high dive. Unfortunately, the pool was empty.

HARRIET ESCHRICH, between singing concerts, is doing some research work to discover the nature of "The Thing."

MARY JO KRIEGSHAUSER has just finished remodeling her mortuary. She believes the new furnishing will add some "life" to the place.

SHIRLEY LINDERS biography of her own high school days is on the best seller lists. It is appropriately titled "Better Late Than Never."

PAT BOWMAN and her husband just moved into their new home on Upper Ladue Road. She is so proud of the place that she has housewarming parties every night.

JO ANNE LYONS, now a housewife, is very well pleased about her new dream kitchen, which came completely equipped with an electric maid.

PEGGY KLUCK has opened a new dance studio out in Clayton. She specializes in ballet. Each year she prepares the dancers for the Christmas play.

CLASS PROPHECY

MARILYN METCALF, the famous authoress, has a 5000 acre ranch in Wyoming, where she spends her time raising "erbs" and is completing her latest novel, "My Friends Fickle," a sequel to "Moments, Acquaintances, and Memories from My Years at S.J.A."

KATHY HUFFMAN has given up her career as the Blackface to become a full-fledged Woman in White. Her spare time is divided equally in entertaining and caring for Mannes.

RITA RILEY has replaced Groucho Marx as radio's funniest ad-libber. Her success is due largely to her REMARKable ability.

RUTH PATTERSON returns annually to St. Joe to instruct aspiring seniors in the fine points of cow-bell ringing.

EILEEN ULRICH has established special travel services for persons crossing the Mississippi; in summer she uses a ferry-boat; in winter a dog-sled.

FLO MAE SPACK can hardly catch her breath these days, for she has a RUNNING engagement in Broadway's newest hit show.

BETTY JONES is now on an expedition to Egypt, where she hopes to dig up the remains of old mummies (and daddies).

MARY ANN HANLON can now be found as an airline hostess for TWA. She is in charge of all Chicago-bound passengers.

MARY CATHERINE CHAPMAN'S artistic portraits of English royalty are world renowned. They now decorate some one-half million cigar boxes.

JACKIE BAKER'S photographic talents have progressed to such a stage that she no longer needs a camera with which to take pictures. She just snaps her fingers.

MARCE GRATIAA has reached the lofty heights of engineering. She is working on construction plans for building actual castles in the air.

The day of cyclotron has passed. Anyone can now shatter his own atoms according to MARY ANN HILGEMAN, who for that purpose invented the "handy pocket-size atom smasher."

JOAN JOLLEY has entirely solved the problem of out-worn clothes. She manufactures an amazing garment which just "grows on you."

CARLA MAGLIETTA is still at S.J.A. She operates a shoe-check stand outside the front door for all students who thoughtlessly wear saddles or loafers to school.

JOAN MERLO has opened a new type school. She teaches her pupils the art of saying "you all" so that they won't feel out of place when they go South for vacations.

NANCY JOHNSTON has gone to Effingham so many times that they made her an honorary citizen of that city.

Walt Disney is out of a job since the great cartoonist DORIS NESSLEIN has created her own version of Donald Duck.

DOTTY MAHER has opened a dancing school in New York. She specializes in the Charleston.

VERA RHOMBERG has just been appointed co-manager of Forbes Coffee Co.

MARIANNE KLEIN is doing very well in the clothing business. She is busy manufacturing "dickies."

NANCY O'LEARY has been put in charge of the City Streets and Roads Department, because she is so good at making detours.

MARGIE KELLY draws all the girls for "Madoiselle" and "Seventeen."

SUSIE O'LEARY and JOAN HOGAN have invented a brand new ointment. It is supposed to prevent cheerleaders from becoming stiff, and at the same time, it gives them added vim, vigor, and vitality.

NANCE BROWN has been appointed new manager of Missouri Stables.

ALICE TUCKER has designed the brand new Oldsmobile. It has an electric eye and stops automatically without any thought from the driver.

At last the secret of PAT MOORE'S success as a basketball guard has been disclosed. She had a ring which attracted basketballs. Now she has taken out a patent and she sells it exclusively to St. Joe girls.
